## TRAINING WHEEL MOUNTING INSTRUCTIONS

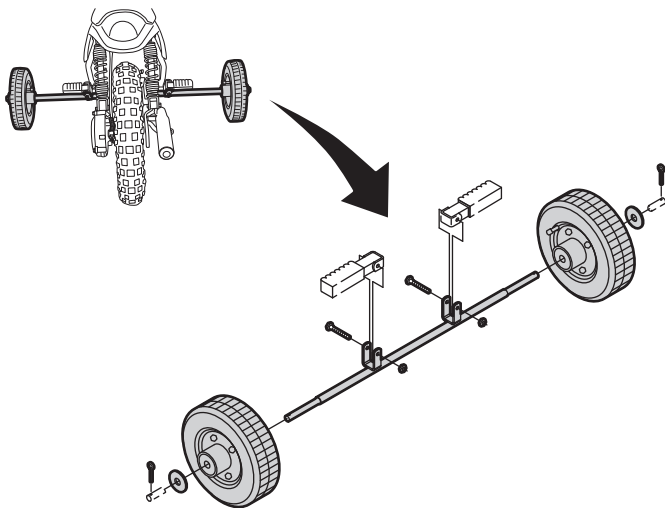

**CUSTOMER MUST RECEIVE A COPY OF THIS INSTRUCTION SHEET AT THE TIME OF SALE**

1. Place washer on training wheel rod and install cotter pin for wheel assembly as per illustration.  
**Note: Make sure the valve stem on the tire is facing toward the machine.**
2. Remove stock pin from foot peg, being careful not to remove peg spring when pulling out pin.
3. Place training wheel assembly to foot peg per illustration and insert bolt provided.
4. Repeat on other side.

**NOTE: Check the operation of the rear brake before riding the bike. If out of adjustment the rear brake lever may contact the training wheel shaft before engaging the brake. Adjust as necessary until the brake works properly.**
