

TECHNO RESEARCH

Just about a year ago we welcomed Techno Research onboard with their unique tuning and diagnostic products available for any size shop and service level. We know many of you got to meet this team at shows and rallies around the country where you learned how to save time and make more money using their latest products. If you have not gotten to meet them yet, we suggest you get to a show soon and be ready for Spring tuning. **TECHNO RESEARCH**

O₂ INSTALLATION KIT

- Kit is comprised of two O₂ sampler blocks, an exhaust port jet, two five-foot exhaust hoses and special attachment bolts
- Bolts consist of 25 Rivnuts, seal screws and seal washers
- One hydraulic insertion tool (with case) and one drill bit included for installation
- When combined with a set of wideband O₂ sensors, the O₂ installation kit allows you to get the most accurate readings so you can get the best possible results out of your tune
- No pump or sampling tube required
- Monitors both cylinders simultaneously
- Measures exhaust gas correctly
- Prevents reversion air and false lean readings
- Fast, accurate readings with almost no delay
- Easy installation with no welding required
- Compatible with Dynamometer or Portable Data Logger
- When finished, heat shields cover seal screws to maintain original look

PART #	DESCRIPTION	SUG. RETAIL
3807-0378	O ₂ Installation kit	\$594.95

CHROME 2X2 DUAL HEADPIPES

- 1 3/4" headpipes with 18mm and 12mm O₂ ports
- 2x2 design allows fitment of stock heat shields
- Advanced inner collector for maximum performance
- Made to fit with stock slip-on mufflers or Bassani Xhaust slip-on mufflers
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
1802-0326*	For 09-16 FLHT, FLHR, FLHX, FLTRX models	\$399.95

4" ELIMINATOR 400 SLIP-ON MUFFLERS

- Large 4" round mufflers are finished with race-inspired CNC machined billet end caps
- Tuned to give 95 and later Baggers a deep and aggressive roar
- Available in chrome, chrome with black tip or matte black
- Sold in pairs
- Made in the U.S.A.

FRONT TWINBAR®

- Patented Twinbar combination engine guard with highway pegs is engineered with the rider's comfort in mind
- Sleek, triple-chrome-plated designs
- Constructed from 1 1/4" o.d. tubing and features flip-down pegs that allow riders to adjust riding positions

- Easily installed with included hardware

U.S. Patent #D521412S

U.S. Patent #6.981.713B2

U.S. Patent #7.083.181B2

NOTE: Not recommended for use with extended forward controls.

PART #	DESCRIPTION	SUG. RETAIL
1624-0306	For 98-16 FLTR/FLTRX	\$449.95

SPORTSTER MID-CONTROLS

- Move foot position approximately 1" up, 1" back and 1.5" narrower per side for increased ground clearance when cornering
- Utilize OEM rear master cylinder and shift lever
- Designed to fit seamlessly with RSD slant 2-into-1 exhaust system
- Eliminates bulky, heavy OEM cast steel foot peg brackets, bell crank brake rod and master cylinder bracket
- Available in Contrast Cut™ or Black Ops™
- Contrast Cut™ finish starts with a polished mid-control that has been black anodized, then recut to open up the design
- Black Ops™ is perhaps the toughest yet, featuring a gloss black on top of a contrasting textured black finish
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
FOR 14-16 XL MODELS		
1623-0340	Contrast Cut	\$599.95
1623-0341	Black Ops	599.95

LED INDICATOR LIGHT KIT FOR RSD CAFE GAUGE & HEADLIGHT RELOCATORS

- Keeps your indicator light functionality with a LED unit when using the RSD café gauge and headlight re-locator
- Five LED lights in one arc-shaped weatherproof unit allow all OEM warning and indicator functions (Outer Green: L&R Turn indicators; Red: Oil Pressure; Blue: High Beam and Center; Green: Neutral)
- 12" long wiring lead
- Wire insulation color matched to OEM wiring for ease of installation
- Wires must be soldered and heat shrunk to OEM harness
- Made in the U.S.A.

NOTE: Not compatible with OEM gauge mount.

PART #	DESCRIPTION	SUG. RETAIL
2210-0408	For 14-16 XL (except 1200X, 1200V, 11-16 1200C)	\$63.95

UPPER FORK TUBE COVERS FOR RSD CLIP-ONS

- CNC machined billet aluminum
- Slide over OEM fork tubes to black out the exposed fork area between triple clamps
- 5¾" length allows for use with RSD clip-ons
- Gloss black finish
- Sold in pairs
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0411-0134	For 04-16 XL w/ clip-on handlebars (except XL1200X, 11-16 XL1200C, XL883L)	\$159.95

SLUGGER 1.8kW HIGH-TORQUE STARTER MOTORS

- Starters are assembled in the U.S.A. with heavy-duty components and tested with state-of-the-art equipment
- Starter offers superior windings, high-tolerance heavy-duty clutch and a thicker commutator that resists flying shorts
- 1.8kW output has the torque to start any monster motor with the least amount of amperage drain
- Static balanced for smoother operation
- Low-profile design will clear the electronic speedometer sensor for easy installation
- Starters are longer than stock but require no modifications to bike for a perfect fit

2110-0588

2110-0589

PART #	DESCRIPTION	SUG. RETAIL
FOR 07-16 BIG TWIN, 06 DYNA GLIDE		
2110-0588	Chrome	\$447.95
2110-0589	Black	447.95

CYCLE ELECTRIC ALTERNATOR KITS

- Kits include stator, rotor, black rectifying voltage regulator and mounting hardware
- Made in the U.S.A.

NOTE: Adding electrical accessories increases amperage usage. When doing so, it is important to consider amperage ratings of switches and wires. If you draw too many amps through a switch or wire, it will heat up and may burn. Fuses and breakers are sized to protect wiring and switches. DO NOT CHANGE 30A MAIN BREAKER TO A 50A BREAKER. THE SWITCHES AND WIRING WILL NOT BE PROTECTED.

2112-1130

H4-STYLE LED HEADLIGHT BULB

- Replaces all H4-style headlight bulbs
- Uses stock reflector and bulb housing
- 6000K (6000 Kelvin) daylight white (not yellow) light beam with no blue tint
- Built-in ballast with active heat-management fan
- Offers a super bright 2000 lumen LED output (versus standard H4 lumen output of 800-1200 lumens)
- Draws less than 1 amp compared to stock bulb at 5 amps
- Easy do-it-yourself plug-and-play installation
- Kit includes several different mounting adaptors to fit 90 percent of all motorcycle models
- 20,000 hour bulb life

NOTE: Not DOT compliant.

PART #	DESCRIPTION	SUG. RETAIL
2060-0535	H4-style LED headlight bulb	\$69.95

LED PASSING LAMP BULBS

- Convert stock driving lamp bulbs to high-performance LED lighting
- Direct replacement for 881-style passing lamp bulbs
- Shine at 6000K
- 420 lumens per bulb
- Use Cree LEDs (11 watt) for a pure white color with no yellow tint like standard halogen bulbs
- Measure .492" x 1.870"
- Plug-n-play installation
- No modules or special resistors needed
- Sold in pairs

PART #	DESCRIPTION	SUG. RETAIL
2060-0507	LED 881 passing lamp bulbs	\$79.95

**LED WRAP-AROUND
TURN SIGNALS**

- 30 super-bright amber LEDs per side
- Available with the choice of a clear or smoke lens
- T06061 billet aluminum housings in chrome or gloss black finish
- Available for: 39mm, 41mm, 43mm and 49mm forks
- Sold in pairs
- Made in the U.S.A.

NOTE: Load equalizer may be required.

FOR 11-16 SOFTAIL, 12-16 DYNA, 14-16 ALL MODELS W/ CAN-BUS		
2120-0811	Power port/plug	\$19.95
2120-0810	Y adapter	23.95

DRAG SPECIALTIES

As most of you know, we do not often sound our own horns in here. But every now and then we like to remind everyone that if a product has the Drag Specialties brand on it, both you and your customer can rest assured that for quality and value there is nothing better. We're also aware that value means nothing if you can't get the Drag products your customers want. That's why we carefully plan, stock and quickly ship using our state-of-the-art warehouse network. We invite you to take a look at some of our own latest offerings, all backed by the Drag name.

REAR BRAKE ROTOR

- High-quality cast iron construction with a ground finish
- Designed for use with OEM or aftermarket brake calipers
- Exact replacement for the OEM rotors
- Sold each; two required

NOTE: It is recommended the brake rotors be replaced in pairs.

PART #	FITS MODEL	SUG. RETAIL
1710-3065	For 09-12 FLHTCUTG, FLHXXX; repl. OEM #83425-09	\$118.95

FOOTBOARDS

- Steel construction with a chrome or black powdercoat finish
- Rubber pads isolate the foot from vibration and add comfort on long rides
- Splined male mounts allow you to adjust the angle of the footboards to the ideal position
- 3" boards measure approximately 2¾" L x 4" W
- 4" boards measure approximately 3½" L x 4" W
- Sold in pairs

NOTE: Will not fit 13-16 FXSB/SE, 11-13 FXS, 08-11 FXCW/C, 13-16 XL1200V/XL1200X/XL1200C models.

SADDLEMEN is owned and staffed by riders of all types and persuasions. Their experience with all forms of motorcycling along with what they learn from other enthusiasts is incorporated into the products they research and develop every day. They like to point out that their great-performing products all feature superior craftsmanship and materials along with built-in value. Your customers will appreciate the fact that they can be rolling in style without running out of cash.

PHANTOM PADS

- One of the most comfortable, lowest profile and best looking seats on the market
- Phantom pads deliver looks and comfort that have made Saddlemen a household name for motorcycle riders everywhere
- Each pad is engineered with a sturdy PE foundation: a layer of highly resilient foam combined with a layer of memory foam
- The rugged, but compliant, cover works to keep riders and passengers comfortable for long stretches of highway time
- Each pad attaches easily and securely with its limited-lifetime warranted, unique dry-installation, dual-cavity suction cup and can be removed just as easily using the built-in quick release pull tab
- The pads' non-abrasive liner also ensures your expensive rear fender paint job is protected during attachment or removal
- Available in three sizes: 6" (1¾" H x 6" W x 10" L), 7" (1¾" H x 7" W x 10" L) and 9" Contoured (1¾", 9" W x 10" L) in four styles
- Made in the U.S.A.
- Dominator combines leading-edge styling with comfort enhancing Gel Channel technology for a truly unique seat that looks and feels great
- Knuckle is engineered to brashly transform your bike with its deep, aggressive ribs that are carefully stitched into element-resistant distressed Saddlehyde™ cover
- Lariat is covered in genuine distressed brown leather; it's as close to having a true western horse saddle as you can get
- The S3's fit and finish matches its street-smart looks with two cover options to choose from: Standard Saddlehyde™ and element-resistant distressed Saddlehyde™ cover
