

LINDBY CUSTOM, INC.

Per Lindby and his wife, Anne, pride themselves in the design and manufacture of bars that feature superior function and un-matched style. We have pointed out that you can find their products on everything from the finest customs to the latest stock applications, which now includes their full range of bars for the 2012 FLD Switchback. For your riders who are looking for more than just a "crash bar," Lindby is clearly the best choice.

THE LINBAR®

LINBAR® CHROME FRONT HIGHWAY BAR

- Made from 1 1/4" high-strength steel for long-lasting durability
- Precision bent and welded for a perfect fit every time
- Neoprene O-rings provide traction in all climates

U.S. Patent #D361311

NOTE: Not recommended for use with extended forward controls or extended floorboards.

PART #	DESCRIPTION	SUG. RETAIL
0505-1188	For 12 FLD	\$349.95

THE MULTIBAR®

FRONT MULTIBARS®

- Made from a single piece of high-strength steel for long-lasting durability
- Built-in bonded rubber footrests that provide traction and allow riders to adjust their position
- Constructed from 1 1/4" tubing
- Easily installed with included hardware

Multibar U.S. Patent #D548142

NOTE: Not recommended for use with extended forward controls/floorboards.

PART #	DESCRIPTION	SUG. RETAIL

PERFORMANCE MACHINE

The Sands family's "Obsession With Perfection," rolls on. Their new Super Gas Merc Air Cleaners are flying off of shop shelves everywhere and, as you can see here (we hate to spread rumors), there are hints of other exciting new products in the pipeline. With state-of-the-art, in-house design, testing lab and manufacturing, this family business continues to move the custom bar higher with every new product they introduce.

CONTOUR FORWARD CONTROLS

- High-quality billet aluminum and steel construction in stock or +2" extended styles
- 1 1/16" master cylinder integrates racing technology in both push rod and piston for less effort at pedal
- Fully-adjustable shift lever and brake arm ride on Teflon bearings
- Utilizes stock H-D kickstand and return spring unless noted
- Brake-side pedal is mounted forward of footpeg for immediate braking response
- Includes contour rubber-insert footpegs and toe pegs
- Available in chrome and Contrast Cut™ finishes
- Contrast Cut™ finish starts with a polished forward control that has been black anodized, then recut to open up the design
- Made in the U.S.A.

NOTE: 07-12 FXST/FLST models will require the use of a 00-06 kickstand assembly.

WHITEWALL TIRE BRUSH

- White and black rubber oxidize exactly like aluminum or paint
- The job of the cleaner is to soften the oxidation so that slight agitation will cause release of the oxidation from the tire
- This little brass brush does the most thorough and even job of restoring the surface
- White sidewalls will look whiter than white
- Sold each

NOTE: Brass brush will not scratch chrome wheels with this procedure.

WHEEL AND ENGINE BRUSH

- This soft bristle brush will safely bend and curve around anything you ask it to reach; excellent for use on all types of wheels
- Specifically designed to use with Safeclean™, Silver and Black Motor Cleaner, on all generations of Silver and Black motors/engines and related components
- The road grime stains will rinse away and you will have your clean motor back
- Sold each

ULTRA FINE STEEL WOOL

- Use with a liquid cleaner or polish, such as Formula 33
- A professional detailer's secret weapon to clean and polish burned-on dirt, road oil, little white pollen spots, etc. on chrome exhaust, motor parts and chrome accessories
- Remove burned-on heel marks and flash rust from chrome-plated metal parts
- Do not use on chrome-plated plastics – test with a magnet
- Also good with Formula M on aluminum stains and pitting
- Sold each

DRIVER BACKREST KIT FOR OEM DRESSER/TOURING SEATS

- Specially designed to work with 88-and-newer Dresser/Touring models with OEM slotted seat
- Frame-mount EZ Glide receiver mechanism allows you to easily mount your choice of pad assembly (receiver mechanism and pads sold separately)
- Pad assembly includes high-quality polished and chrome-plated 7.25" (short) or 9.75" (tall) detent bar with a design that provides 2" of fore and aft adjustment
- All pads fold forward for ease of getting on and off bike
- Pad assembly options include a vinyl pillow-style to match tall pillow-style seats, and solar-reflective leather styles that match both lower profile and tall seats; solar-reflective reduces surface temperature by as much as 25°F for a cooler contact, higher durability and longer life over conventional leather or vinyl
- All large pad assemblies also include a pouch with a removable rain cover that will cover the pad and the entire seat for added protection from rain and sun
- Made in the U.S.A.
