ALWAYS ADVANCING

2015

ALWAYS ADVANCING

Sometimes, the harder you push, the more the laws of physics push back. It's a simple fact that a good portion of this sport is about picking yourself up off the ground, doing a quick inventory check, dusting yourself off, getting back on your bike, then pushing hard all the way until the flag drops. Our goal is to make sure the gear you wear provides the performance and durability to do just that.

We are dedicated to advancing the performance, durability, comfort and style on every piece of equipment we produce. With feedback and input from the best riders on earth, we create products that are the result of countless hours of design and testing to ensure they don't just meet your expectations, they exceed them.

So whether your perfect day of riding consists of pounding out motos, long desert rides, gnarly woods trails, or just play riding with your buddies, get the gear that's designed to give a beating, and built to take one.

THROWBACK COLLECTION

Let's take it back for a minute. The Pro-GP racewear collection harkens back to a time when popping wheelies and crossing-it-up were the essence of moto. With almost 50 years of racewear experience, reviving one of our classic looks just feels right.

SAFETY WARNING: Riding a motorcycle is a dangerous activity. When riding, always wear a helmet, eye protection and protective clothing. There is no assurance that serious injury or death can be avoided even if you wear the product shown in this catalog and take all precautions to avoid every risk. Please ensure that your Thor products fit properly. Improperly fitting products can impair your ability to control your motorcycle.

2015

VERGE HELMET

HELMET FEATURES

-  Reinforced chin bar for increased strength
-  Hi-flow mouth vent with filter to prevent roost from entering
-  Fully adjustable visor provides ample coverage
-  Front intake vents allow direct airflow to enter the helmet
-  Minimal gaskets reduce the overall helmet weight
-  Antibacterial, moisture wicking, removable and washable Silvercool™ liner for comfort
-  Dual density EPS liner features extensive venting that aligns with shell vent ports
-  Hand-laid composite fiberglass construction for superior strength with minimal weight
-  Rear exhaust vents allow hot air to escape quickly
-  Rear shell shape quickly & easily repositions the goggle strap
-  Side vents funnel cooler air into the helmet
-  Large hole mesh liner promotes airflow
-  DOT and ECE 22.05 approved. Meets AMA and FIM requirements for helmets used in competition
-  Imported

HOW TO DETERMINE YOUR GLOVE SIZE

Thor glove size is determined by measuring the width of your palm at its widest point below the knuckles. To get this measurement, place your hand on the page with the intersection of your thumb and palm positioned at the dotted "V" line and on top of the Men's and Women's measuring guide. This will give you your estimated glove size.*
