

THOR 2013

2013

BACK TO BACK

Winning the most coveted prize in our sport is tough. Winning it in back to back seasons takes total commitment and absolute trust in your equipment. We're proud of Ryan's achievements and even prouder of the fact that every lap of every race in his pro career has been done in Thor gear. All that winning and all those motos ensure that our products will outperform, outlast, and outclass the competition.

MEN'S RACEWEAR

PERFORMANCE GEAR THAT'S PURPOSE-BUILT FOR TODAY'S RIDERS.

RYAN VILLOPOTO

FLUX RACEWEAR

Flux Racewear is the ultimate hybrid. The perfect blend of technical performance and controlled airflow, the Flux kit is everything you would expect in a premium set of race gear. Every detail has been refined to maximize performance, comfort, and durability.

This semi-vented kit delivers championship performance with just the right amount of airflow to keep you going lap after lap, moto after moto. The finest materials and construction methods are utilized to produce the next level in performance racewear. *Imported*

FLUX JERSEY

- Moisture wicking chassis construction with padded elbows
- Fully vented sleeves and insert chest panel for increased airflow
- No-bind collar features multiple stretch panels for a perfect fit
- Silicone tail print keeps the jersey from rising when tucked into pants
- Stretch-rib cuff gussets for perfect fit at wrists

FLUX PANT

- Pre-curved 900D poly oxford chassis with perforated and solid paneling increases cooling and supports your race posture
- Strategically placed thigh TPR's with integrated vent panels
- Kevlar® stitching around leather knee panels
- Accordion stretch Spandura knee panels for expansion and ventilation
- Lightweight, cupped TPR knee paneling for roost deflection
- Debossed full grain cowhide leather inner knee panels offer unmatched heat resistance and durability
- Ride-lite perforated inner liner with 4-way spandex panel at the waist for uninhibited movement
- Ratchet style waist with lock-down closure
- 4-way stretch rear yoke contours the body in all positions

CORE RACEWEAR

Recognized as the gold standard in premium racewear, our latest Core kit is purpose-built to meet the demands of today's top riders.

Every seam and detail is designed to work with your body while in the riding position. The fit is exceptional, the durability is legendary, and the style is unequalled. Key chassis revisions ensure the new Core kit will not only hold up in the most demanding conditions, it will hold up to the most demanding riders on the planet. *Imported*

CORE JERSEY

- New collar construction includes two large stretch knit panels for easy entry and exit
- Moisture wicking, 100% poly chassis construction
- Large mesh panels in the chest, underarms, and side panels increase ventilation
- Athletic stretch-rib gussets for a perfect fit at the cuffs
- Dropped tail to keep jersey tucked while riding
- Sublimated no-fade graphics

CORE PANT

- Pre-Curved 900D poly oxford chassis for durability
- Strategically placed thigh TPR's with integrated vent panels
- Kevlar® stitching around leather knee panels
- Accordion stretch Spandura knee panels for expansion and ventilation
- Additional stretch material at the ankle provides a secure fit without bunching
- Debossed full grain cowhide leather inner knee panels offer unmatched heat resistance and durability
- Ride-lite perforated inner liner with 4-way spandex panel at the waist for uninhibited movement
- Ratchet style waist with lock-down closure
- Lightweight, cupped TPR knee paneling for roost deflection

PHASE JACKET

The perfect jacket for all-around riding, with zip-off sleeves for changing weather conditions. Heavy-duty 600D poly oxford construction makes the Phase Jacket a versatile performer in even the toughest conditions. With plenty of storage pockets, pre-curved elbows and water repellent outer shell, the Phase Jacket is a must for any rider's gearbag. *Imported*

- Zip-off sleeves quickly convert jacket to vest
- Rear cargo pocket for essentials and sleeve storage
- 2-way front zip adapts to riding position
- Pre-curved elbows
- Interior drawstring waist closure
- Velcro cuff gaiters
- Internal fleece lined audio pocket
- Oversized front and rear exhaust vents prevent overheating
- Rear cargo pocket with waist belt allows the jacket to be packed into itself and worn as a fanny pack

PACK JACKET

Don't let a little foul weather spoil your ride. Our lightweight, yet durable Pack Jacket utilizes a seam-sealed outer shell that's waterproof for all day riding comfort whether you're racing in foul weather, or out for a dual-sport ride. This versatile jacket can be stuffed into its own pouch and worn as a fanny pack, or carried in your bag when not in use. Protect yourself against the elements without lugging around a heavy riding jacket all day. *Imported*

- Jacket packs easily into pouch with belt for storage while riding
- Rear exhaust vents allow hot air to escape
- Soft dimple mesh lined collar for comfort
- Front and rear storage pockets
- Water-proof membrane shell with taped seams and water resistant zippers
- Adjustable drawstring waist closure
- Elastic cuff

RANGE JACKET

The Range Jacket is designed specifically for off-road riders that battle the terrain and the elements. Featuring technical waterproof construction with a seam-sealed chassis, both the jacket and the pant will keep you dry and comfortable with ample zip vents while the multitude of cargo pockets will handle all your essentials. *Imported*

- Lite-prene lined collar for comfort
- 2-way front zipper adapts to riding position
- Full mesh liner for breathability
- Waterproof YKK® zippers
- Oversized pit zip vents in addition to front intake vents
- 3-fold accordion elbows for flexibility
- Hook and loop gaiter cuff, collar and zipper flap
- Rear storage pocket
- Zip-off sleeves
- Reflective trim for increased visibility

RANGE PANT

The Range Pant is designed specifically for off-road riders that battle the terrain and the elements. Featuring technical waterproof construction with a seam-sealed chassis, both the jacket and the pant will keep you dry and comfortable with ample zip vents while the multitude of cargo pockets will handle all your essentials. *Imported*

- Pre-curved knees for better fitment
- Waterproof yet breathable construction
- Large cargo pocket for storage
- Ballistic nylon overlays in high wear areas
- Custom Thor waist closure plus hook and loop adjustable side cinches
- Leather inner knee panels for heat resistance and durability

 **GLOVES**

TAKE CONTROL OF YOUR RIDE WITH THE THOR LINE OF GLOVES.

DEFLECTOR GLOVES

The Deflector offers the most coverage in our motocross glove lineup while still providing the flexibility, comfort, and ventilation to make it an exceptional race glove. Combining multiple technical materials on the backhand with a double-layered Clarino® palm for increased durability, the Deflector is ready for battle. *Imported*

- TPR hook and loop wrist closure system to ensure repositioning doesn't occur when riding
- Dimple mesh and neoprene construction offers a great balance between ventilation and durability
- Padded, double-layer Clarino® palm provides abrasion resistance and reduces bar vibration
- Tacky silicone print on the fingertips for added lever control
- Increased TPR finger coverage provides adequate protection for all riding conditions

FLOW GLOVES

The Flow glove offers amazing flexibility in a lightweight design that's a favorite among riders that want maximum interface with their controls. The single-layer perforated palm panel includes silicone print details for just the right amount of grip while the integrated knuckle flex joints provide maximum flexibility. *Imported*

- Dimple mesh Q-span construction for added airflow and minimal restriction
- Perforated single layer Clarino® palm
- Tacky silicone print on fingertips and palm for added lever control and grip
- Minimal but integrated knuckle TPRs provide the right amount of coverage
- Lite-prene wrist construction with 4-way stretch expansion panel increases comfort and adjusts to your exact wrist size
- 4-way spandex knuckle provides optimum flexibility

VOID PLUS GLOVES

The all new Void Plus features the same lightweight, form-fitting chassis as our Void Glove but has an additional hook and loop closure for a secure fit, and a silicone palm print for increased grip. This is the glove for riders that want all of the airflow and flexibility that a minimalist glove provides yet want the ability to cinch-down the wrist closure and get a bit more palm adhesion with the additional silicone palm print. *Imported*

- Lightweight chassis combined with a hook and loop closure for a secure, minimalistic feel
- Sublimated stretch mesh construction for maximum airflow and fade-free graphics
- Single layer, fully perforated palm for optimum feel and maximum ventilation
- Silicone finger and palm print for increased grip
- Reinforced thumb overlay for additional abrasion resistance
- 4-way stretch finger and wrist gussets contour to the shape of your hand and reduce bunching

VOID GLOVES

Our lightest, most form fitting glove. Designed for riders that want optimum control feedback in an extremely lightweight, well ventilated glove with unrivaled comfort the Void glove is the answer. The single layer perforated palm and reinforced thumb provide just the right amount of contact area for the grip and the sublimated stretch chassis feels like you're wearing nothing at all. *Imported*

- Sublimated stretch mesh construction for maximum airflow and fade-free graphics
- Single layer, fully perforated palm for optimum feel and maximum ventilation
- Back of hand and knuckle protection has been removed to increase mobility and minimize weight
- Reinforced thumb overlay for additional abrasion resistance
- 4-way stretch finger and wrist gussets contour to the shape of your hand and reduce bunching

SPECTRUM GLOVES

Any rider, any terrain, any condition - one glove. The Spectrum glove is the perfect combination of coverage, great flexibility, rugged durability, and an exceptional value. The dimple mesh chassis provides a fit that's spot-on and the lightly padded palm helps reduce bar vibration while the silicone finger print provides increased lever control. *Imported*

- TPR hook and loop wrist closure system
- Dimple mesh chassis with additional airprene panels that promote airflow
- Perforated finger panels assist in keeping your hand cool
- Finger and hand direct injects for added protection
- Lightweight palm padding enhances durability and comfort

IMPACT GLOVES

The perfect blend of off-road toughness and motocross flexibility. The Impact glove features reinforced panels in all high wear areas and a serious dose of knuckle and finger coverage to ensure you go the distance. With a full silicone print on the reinforced and lightly padded Clarino® palm, the Impact glove will keep you in control no matter how long the ride. *Imported*

- TPR hook and loop wrist closure system on an airprene wrist cuff
- Dimple mesh construction for airflow and mobility
- Full silicone print on a reinforced Clarino® palm with padding in high abrasion areas
- Tacky silicone print on the fingertips for added lever control
- Direct inject TPRs on all fingers provides large coverage for varying riding conditions
- Encompassing knuckle protection provides additional security
- Constructed with a pre-curved design for an advanced fit

INSULATOR GLOVES

Extreme conditions demand a glove that not only keeps your hands warm and dry, but still offers the control and flexibility required to stay ahead of the competition. The Insulator glove features an internal membrane to prevent water and wind penetration while the comfortable fleece lining in the top of the hand provides warmth. Get the coverage, warmth, and protection from the elements you need with the Insulator glove. *Imported*

- Single layer Clarino® palm keeps the gloves light without sacrificing feel or losing finger dexterity
- Rubber thumb overlay to reduce blistering
- Full palm & fingertip silicone pattern prevents slipping in wet conditions
- Knuckle protection coupled with large direct inject finger and hand TPR coverage
- Top of hand fleece lining to retain warmth and heat
- Back of hand interior water-resistant membrane and materials to prevent water and wind penetration

FORCE CARBON HELMET

Built specifically for riders who demand the ultimate in performance, the Force Carbon Fiber helmet exceeds every expectation. Carbon fiber material is combined with resin to form "Pre-Preg" (pre-impregnated) sheets that are hand laid to form the outermost layer of

the shell. Offering amazing strength with great weight savings, the Carbon Fiber shell creates an amazing look. This hand crafted helmet is truly a work of art. *Imported*

- Meets or exceeds all AMA and FIM professional racing standards
- Pre-impregnated Carbon Fiber material sheets increase strength and decreases the shell weight
- Contoured eyepoint gasket improves goggle fit
- Increased liner and EPS ventilation for maximum airflow
- Front intake port and rear exhaust vents provide optimal air circulation and venting
- EPS material extends throughout chinbar for increased strength
- Antibacterial, moisture wicking SilverCool™ liner is removable and washable and keeps you cool ride after ride
- Integrated hi-flow mouthpiece increases airflow while out filtering roost
- Integrated roost guard for added protection
- DOT and ECE 22.05 approved

HERO WRAP GOGGLES

Designed and developed to offer incredible comfort and performance, the Hero Goggle will exceed your expectations. Every detail has been refined for optimum performance and best fit. Innovative features like our drilled frame which increases air circulation to prevent fogging, and our molded outrigger positioning system ensuring a secure fit, make the Hero Goggle a leader in performance eyewear. All this technology wouldn't be beneficial if the lens wasn't perfect. That's why every Hero Goggle comes standard with an optically correct, mirrored smoke Lexan® lens with anti-fog coating and UV protection. Included is an additional clear lens with every pair as well as a soft, plush goggle bag to keep everything clean. Tear-offs are also available and mount easily since all our Hero lenses come standard with mounting pins. *Imported*

- Molded strap adjustment system
- Mirrored smoke Lexan® lens with anti-fog coating and uv protection

BLAKE BAGGETT

GUARDS & BELTS

MOTOCROSS IS A CONTACT SPORT, GET YOURSELF SOME COVERAGE.

SAFETY WARNING: Riding a motorcycle is a dangerous activity. When riding, always wear a helmet, eye protection and protective clothing. There is no assurance that serious injury or death can be avoided even if you wear the product shown in this catalog and take all precautions to avoid every risk. Please ensure that your Thor products fit properly. Improperly fitting products can impair your ability to control your motorcycle.

SENTINEL PROTECTOR

The Sentinel is the most versatile, best fitting, lightest roost protector we've ever built. Weighing in at only 1.4 lbs, the Sentinel incorporates numerous vents and air channels for maximum ventilation. Designed for riders who are looking for roost coverage without excess bulk and weight, the Sentinel is pure performance. Included with every Sentinel is both the back strap and number plate. Fits most riders 120-200 lbs. *Imported*

- Injection molded chest panel with molded bio-foam interior
- Ratchet buckle closure system
- Lightweight, comfortable design perfect for all riding conditions
- Three way modular design allows for versatility
- CE approved

INCLUDED WITH EACH SENTINEL IS A NUMBER PLATE AND BACK STRAP. EXTRA NUMBER PLATES CAN BE PURCHASED AS WELL.

BLAKE BAGGETT

SENTINEL PRO PROTECTOR

The Sentinel Pro is designed for riders that want the lightest, best fitting roost guard in a front-only configuration. Complete neck brace compatibility without sacrificing serious roost protection. *Imported*

- Slim profile & thin back strap allow for neck brace compatibility
- Injection molded chest panel with molded bio-foam interior
- Ratchet buckle closure system
- Lightweight, comfortable design perfect for all riding conditions
- NOT AVAILABLE IN EUROPEAN COUNTRIES

FORCE PROTECTOR

Providing serious roost protection and coverage with style, the Force Protector offers extensive coverage without restricting movement. Utilizing fully articulating front and back panels that naturally adjust to fit the contours of your torso, we've created the most comfortable roost guard we've ever produced. These fully hinged panels go way beyond what our competitors offer with their solid, or partially jointed panels. Removable shoulder caps provide clearance for neck brace compatibility. The integrated ventilation system with oversized intake port on the chest panel lets air in, but keeps roost out, and the ratchet-style closure system allows for precise fit. *Imported*

- Fully articulating front and back panels adjusts specifically to fit your body's exact shape
- Removable shoulder caps allow compatibility with many neck brace systems
- Removable arm guards
- Anatomically correct design
- Ratchet buckle closure system
- Triple-layer back protection
- Adjustable shoulder straps allow chest and back panels to be raised and lowered
- Injection molded durable polycarbonate and polypropylene chassis
- Integrated venting system
- Adult sizes fit most riders 100-200 lbs.
- XL size fits most riders 200+ lbs.
- CE approved

QUADRANT PROTECTOR

The Quadrant is one serious roost guard. Developed to provide maximum coverage with minimal restriction, the Quadrant features improved chest and back panels that contour the body in the riding position. The ergonomic design incorporates our legendary boxed-rib design that provides both rigidity and natural air channels. This unique approach maximizes airflow without sacrificing strength. Fits most riders 100-200 lbs. *Imported*

- Energy absorbing, high density foam padding
- Adjustable side buckle closure system
- Free-floating shoulder system
- Removable arm guards
- Fully padded neck roll for comfort
- Optimum airflow passages
- Boxed rib construction for rigidity
- Refined chest and back contours for a perfect fit

IMPACT RIG SE

The ultimate under-protector has arrived. Designed to offer maximum coverage yet hug your body, the Impact Rig SE is based on a form fitting micro-mesh chassis with integrated soft and hard protective panels that move with your body. The Impact Rig SE is adjustable and versatile with multiple tension straps and a removable articulated back panel. Maximum airflow is achieved by utilizing venting on all three construction materials – the plastic, bio-foam, and chassis, are all vented. The versatile Impact Rig SE features a permanently affixed elbow/forearm guards and a removable kidney belt and back protector. This unit offers the most coverage available in an under-protector. *Imported*

- Micro-mesh chassis with external seams for comfort
- Side mounted YKK® chest zipper averts chest plate
- Articulated back panel is removable
- Poly-urethane shoulder caps with Ram-air venting
- Multiple tension straps for a secure fit
- Molded bio-foam panels with extensive venting
- Removable kidney belt
- Molded elbow and forearm guards
- Elastic cuff stitch for a comfortable seal
- Padded collar for comfort
- S/M Fits most riders up to 160 lbs.
- L/XL Fits most riders 160-180 lbs.
- XXL/XXXL Fits most riders 180-250 lbs.
- CE approved

IMPACT DEFLECTOR

Offering the lightest under-jersey roost deflection available, the Impact Deflector is the first choice for top racers. The slim, form fitting design allows the deflector to be unobtrusive and allow a full range of movement underneath the jersey. The perforated, moisture wicking chassis helps to keep you cool throughout your ride while the minimalistic collar and sleeveless design enhance the lightweight feeling. Simply stated, the Impact Deflector provides protection without sacrificing weight, mobility and cooling. *Imported*

- Molded biofoam chest panel to block roost
- Ride-lite moisture wicking chassis
- Mesh chassis to promote airflow and ventilation
- Form fitting fitment to prevent bunching
- CE Approved

IMPACT SHORT

The brand new Impact Short combines the comfort and secure fitment of a typical riding short with molded EVA hip padding to create a new level of support. Uniting the 80/20 Nylon Spandex material with the Tricot-wrapped foam crotch pad adds to the overall comfort of the short while the elastic waist band prevent dirt from entering and disrupting your ride. There is no longer a tradeoff between comfort and security when you incorporate the Impact short into your riding apparel. *Imported*

- Molded EVA hip padding wrapped in soft nylon/spandex material
- Tricot wrapped foam crotch pad greatly reduces chaffing
- Form fitting to avoid bunching and provides secure feeling
- Elastic waist band helps prevent dirt and debris from entering
- CE Approved

FORCE BELT

The Force Belt provides incredible support while reducing fatigue. The fit is exceptional, aided by our innovative 5-piece back panel system which allows the belt to conform to the body, and our secure double-belt closure system. The Force Belt also offers a moisture-wicking interior with extensive padding that incorporates air channels to promote cooling. Perforated Neoprene allows air to flow more freely making the Force Belt extremely comfortable. *Imported*

- Low profile perforated TPR hook and loop closure tabs
- Four center-pull elastic support straps
- Exhaust ports allow heat to escape
- Anatomically derived molded bio-foam panels
- High density molded thermoplastic rubber mainstay for support
- Moisture-wicking interior with extensive padding
- Fits waist sizes S/M 28"-36" and L/XL 36"-44"

SECTOR BELT

The all new Sector belt provides great support in a lightweight package. Featuring external molded components and internal reinforcements, the belt offers excellent support without being bulky or oversized. Two elastic center-pull straps keep the belt and articulating TPR back panel in position throughout long rides. The lightweight, great fitting belt will increase your performance and won't hinder your riding style. *Imported*

- Perforated biofoam chassis promotes airflow
- Center pull elastic straps for even support
- Articulated TPR back panels for ergonomic support
- TPR hook & loop closure tabs with integrated thumb stops
- Internal panels have varying densities for reinforcement
- Low profile design improves overall fitment
- Fits waist sizes 28"-38"

FORCE KNEE GUARD

The Force Knee Guard offers extensive coverage, great comfort, and exceptional performance. Designed for riders who require more coverage than conventional kneeguards, but less support than expensive kneebraces, the Force Knee Guard is in a class by itself.

Utilizing a floating, molded kneecup that's encapsulated in durable Aramid material our innovative dual-pivot system mimics the action of the knee without the bulky mechanics that can get hung up on your bike. So you'll feel more like you're wearing standard knee guards, and less like a human robot.

The Force Knee Guards are also anatomically correct, so there's a specific left and right side which match the contour of your legs for improved comfort and reduced chafing. *Imported*

- Perforated Airprene chassis for support and secure fit
- Extended thigh protection
- Impact resistant, polyethylene knee cup is encapsulated in durable
- Aramid fiber for maximum coverage
- Dual pivot system mimics anatomical action of the knee
- Custom inverted post latching system
- Asymmetrical design for comfort and fit
- S/M fits most riders up to 5'7" tall
- L/XL fits most riders taller than 5'7"
- 2XL/3XL fits most riders with larger than average legs
- CE approved

RATCHET BOOTS

INNOVATIVE RATCHETING CLOSURE SYSTEM FOR A PRECISE, SECURE FIT.

thor

SAFETY WARNING: Riding a motorcycle is a dangerous activity. When riding, always wear a helmet, eye protection and protective clothing. There is no assurance that serious injury or death can be avoided even if you wear the product shown in this catalog and take all precautions to avoid every risk. Please ensure that your Thor products fit properly. Improperly fitting products can impair your ability to control your motorcycle.

RATCHET BOOT

Being first is what this sport is all about. First out of the gate, first into the turn, and first to the checkers. Our new Ratchet Boot is the first to offer a closure system that provides a secure, precise fit that's hassle free. Simply slide the strap into the buckle and adjust the strap tension with the aluminum alloy ratcheting lever. Want a little snugger fit across the instep area? No problem, just ratchet the strap a few more clicks and you're good to go. The Ratchet Boot delivers great performance, a secure fit, innovative features, and terrific styling all at a price that won't break the bank.... now that's a first. *Imported*

- Ratchet closure buckle system provides a secure, custom fit every time
- Leather chassis construction offers excellent flex and feel
- Split-grain leather calf guard for abrasion and heat resistance
- Contoured shin plate and ankle plate for impact and abrasion resistance
- Bio-foam lined interior and insole provides superb comfort and cushioning
- Welted rubber outsole with steel shank insert for maximum support
- CE approved

BAGS & PACKS

INNOVATIVE STORAGE SOLUTIONS TO ENHANCE YOUR RIDE.

TRANSIT WHEELIE BAG

Our Transit Wheelie bag will transport all of your gear to and from the track with ease while rolling in style. The durable 600D nylon chassis is riveted to a custom reinforced polypropylene base with a 2-stage retractable handle. The base allows for even weight distribution and easy handling. The oversized, smooth rolling wheels and reinforced wheel housing generates a higher than average ground clearance making this bag great for in and around the pits. Ventilated boot compartment reduces moisture build up and odor. Traveling to your favorite riding spot is easier than ever with the Transit Wheelie Bag. *Imported*

- Dimensions: 30"L x 16"W x 16"H
- Polypropylene molded base for remarkable strength and durability
- Retractable handle
- Oversized smooth rolling wheels coupled with increased ground clearance
- Varying pocket sizes accommodate large and small items easily
- Detachable main storage compartment divider permits large odd shaped items
- Designed to accommodate Thor helmets, boots and protective gear
- Reinforced wheel housing

BLACK \$199.95

SPECTRUM GLOVES YOUTH

Any rider, any terrain, any condition - one glove. The Spectrum glove is the perfect combination of coverage, great flexibility, rugged durability, and an exceptional value. The dimple mesh chassis provides a fit that's spot-on and the lightly padded palm helps reduce bar vibration while the silicone finger print provides increased lever control. *Imported*

- Dimple Mesh chassis with additional airprene panels that promote airflow
- TPR hook and loop wrist closure system
- Finger and hand direct injects for added protection
- Perforated finger panels assisting in keeping your hand cool

HOW TO DETERMINE YOUR GLOVE SIZE

Thor glove size is determined by measuring the width of your palm at its widest point below the knuckles. To get this measurement, place your hand on the page with the intersection of your thumb and palm positioned at the dotted "V" line and on top of the Men's and Women's measuring guide. This will give you your estimated glove size.*
