NEVER SETTLE

The new Reflex helmet embodies the infusion of style and technology. Available with a carbon fiber or fiberglass composite shell, the Reflex offers superior technology with Koroyd® technology integrated into a premium dual density EPS liner in conjunction with MIPS® Brain Protection System. The Reflex is a helmet that is as much a work of art as it is purpose built to support a racer's needs when things go wrong out on the track.

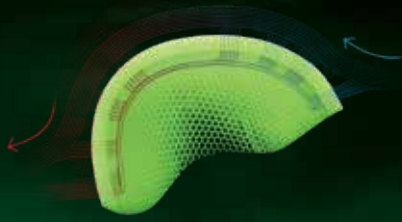

THE ULTIMATE DAMAGE CONTROL SYSTEM

Koroyd's welded tubes crumple instantly and consistently on impact, absorbing maximum force in a controlled manner, minimizing energy transferred to your head.

DIRECT & ANGLED IMPACT PROTECTION

This unique behavior helps to protect your skull and brain from direct and angled impacts which may reduce the risk of suffering a life-changing injury.

ADVANCED BREATHABILITY AND COOLING

Air flows consistently through the open-cells, whilst hot air from your head can easily escape, ensuring more efficient cooling in the most intense conditions.

MIPS® INSIDE

The MIPS Brain Protection System (BPS) allows the head to move inside the helmet which can reduce the harmful rotational motion otherwise transferred to the brain.

MAXIMUM AIRFLOW

The Reflex offers extensive intake venting with strategic channels, enhanced by the benefit of Koroyd® material, carrying on to multiple exhaust vents designed to accelerate the airflow in a precise and effective manner.

KOROYD® TECHNOLOGY WITH DUAL DENSITY EPS

Koroyd provides advanced breathability and ultralight feel, but first and foremost, better protection which may reduce the risk of suffering a life-changing injury.

MIPS® INSIDE

The MIPS Brain Protection System (BPS) is designed to add protection against rotational motion transferred to the brain.

SAFETY WARNING:
Riding a motorcycle is a dangerous activity. When riding, always wear a helmet, eye protection and protective clothing. There is no assurance that serious injury or death can be avoided even if you wear the product shown in this catalog and take all the precautions to avoid every risk. Please ensure that your THOR products fit properly. Improperly fitting products can impair your ability to control your motorcycle.

REFLEX POLAR CARBON HELMET

The Reflex helmet is the culmination of rider input and technical innovation resulting in a helmet that is as much a work of art as it is purpose built to support a racer's needs when things go wrong out on the track. The new Reflex helmet embodies the infusion of style and technology to create a class-leading product that is essential for riders at the highest level of the sport.

FEATURES:

- Pre-injected carbon fiber material sheets increase strength and decrease weight
- Dual density EPS with integrated Koroyd®
- Koroyd's welded tubes crumple instantly and consistently on impact, absorbing maximum force in a controlled manner, minimizing energy transferred to your head
- The MIPS® Brain Protection System can reduce harmful forces transmitted to the brain for certain impacts
- Hi-flow intake and exhaust vents are maximized by Koroyd® inherent properties
- Contoured cheek pads with quick release pull tabs
- Removable, washable, moisture wicking, anti-microbial DRYFORM comfort liner
- Fully adjustable visor
- Lightweight stainless steel D-rings
- THOR drawstring helmet bag included
- DOT/ECE Version: Meets DOT and ECE 22.05 Helmet Safety Standards
- ECE Only Version: Meets ECE 22.05 Helmet Safety Standard

MIPS® INSIDE

The MIPS BPS allows the head to move inside the helmet which can reduce the harmful rotational motion otherwise transferred to the brain.

When the rotational force is redirected, the risk of strain to the brain tissue is reduced. After conducting more than 31,000 tests, and moreover being validated and confirmed by third party testing, we know that the MIPS BPS adds protection at certain types of impacts.

RACE READY

Race day puts the highest demands on your body and your equipment. The Prime Pro racewear allows you to perform at your peak by offering uncompromising mobility, ventilation and comfort. Developed and fabricated with insight from our elite athletes, Prime Pro is the pinnacle of racewear performance.

JERSEY FEATURES

- Hybrid fit with set-in style tailored sleeves
- Taped collar and cuffs
- Minimal seams for maximum comfort
- Laser cut holes for ventilation
- Fully ventilated arms and back panel
- Moisture wicking material keeps you dry
- Tail silicone print helps keep jersey tucked in
- Flat-stitched seams minimize irritation

PANT FEATURES

- New In-motion fabric construction provides mobility and durability
- Refined side cinch system for precision waist adjustment
- Interior hip pocket
- Refined inner waist silicone band
- Laser cut holes for ventilation
- Strategically placed vented mesh panels
- Engineered expansion stretch panels on waist
- Knee panel uses internal Aramid fibers to reduce knee-brace wear
- Premium grade full grain leather inner knee panels
- Athletic mesh liner with spandex stretch panel
- Ultra-lightweight pre-curved chassis design
- Ratchet style waist closure

THAT NEW NEW

Workhorse reliability meets championship level performance. The all-new Pulse racewear defies convention with the perfect hybrid of durability, ventilation and flexibility. Utilizing our new In-Motion fabric, laser cut ventilation and anatomical construction, the Pulse racewear is purpose-built for your hardest motos.

JERSEY FEATURES

- Laser cut ventilation for optimized cooling
- Dimple mesh paneling
- Durable polyester main fabric
- 4-way stretch cuff and collar
- Performance fit
- Hybrid set-in sleeve
- Performance construction
- Moisture wicking materials

REBOUND GLOVE

Control meets coverage with the fully re-designed Rebound glove. The chassis incorporates a four-way stretch Airprene backhand, along with injected rubber panels for the perfect balance of coverage and mobility. Add in the padded Clarino® palm, and you have one of the most dynamic gloves on the market.

FEATURES:

- Direct inject rubber backhand panels
 - 4-way stretch, layered and breathable backhand materials
 - Arched cuff with notched wrist opening for easy access
 - Perforated Clarino® palm with overlays for durability
- Hook and loop wrist closure for a secure fit
 - Mesh finger gussets for breathability
 - Wrapped inner-thumb for durability
 - Silicone treated finger tips for improved lever control

DRAFT GLOVE

The Draft glove maintains the minimalist feel, but features a more substantial chassis. A silicone print on the backhand improves the structure of the Draft glove, while the four-way stretch mesh enables flexibility and ventilation.

FEATURES:

- 4-way stretch materials for optimum mobility
- Venting mesh throughout backhand
- Perforated palms
- Silicone pattern print on backhand
- Notched wrist opening provides ease of access
- Silicone treated finger tips for improved traction
- Hook and loop wrist closure system
- Single-layer palm
- Rubber details for added structure

RADIAL BOOT

Building to a higher standard takes dedication. The THOR Radial boot is the culmination of three years' design and development with one goal in mind; to provide our riders with premium fit and function, at a highly competitive price. This combination of ankle axis hinge, pre-curved components, positive-lock buckle system and plush rubber to enhance grip against the bike and traction on the pegs is available now through all THOR authorized retailers.

FEATURES:

- Pre-curved injection molded components throughout
- Radial hinge component adds structure and reduces over extension
- Injection molded positive-lock buckle system
- Adjustable straps allow for a custom and secure fit
- Injection molded medial abrasion plate with integrated shift protection
- Fully synthetic calf overlays deliver premium durability and optimal grip
- Low profile toe box for unhindered shifting
- Uni-directional outsole with steel shank for rigidity
- Replaceable outsole inserts for extended wear
- Mesh liner promotes airflow while interior EVA panels enhance comfort
- Tested and certified to standard EN 13634: 2017

BUILT IN TOOL ROLL WITH ELASTIC SLOTS (TOOLS NOT INCLUDED)

YOUTH PULSE RACER

JERSEY FEATURES:

- Laser cut ventilation for optimized cooling
- Dimple mesh paneling
- Durable polyester main fabric
- 4-way stretch cuff and collar
- Performance fit
- Hybrid set-in sleeve
- Performance construction
- Moisture wicking materials

PANT FEATURES:

- Designed to offer the optimal balance between mobility and durability
- Constructed with 600D polyester in high wear zones
- In-Motion panels improve flexibility and durability throughout
- Durable nylon saddle construction
- Full grain leather inner knee panels for optimal grip and durability
- Durable stitching throughout
- Laser cut ventilation
- Mesh lower leg paneling
- Button and zipper closure
- Pre curved chassis design assumes active riding position
- Athletic mesh comfort liner

YOUTH SECTOR MIPS® SPLIT HELMET

Designed for comfort, performance and coverage, all without draining your wallet. Focusing on the details, our helmets feature a dual density EPS liner, injection molded polycarbonate/ABS shell, adjustable visor and integrated ventilation for class-leading performance. Wherever your ride takes you, the Sector and Sector MIPS helmets are up to the task.

FEATURES:

- MIPS (Multi-Directional Impact Protection System®) Brain Protection System (BPS) absorbs and redirects rotational energies
- Dual density EPS liner features extensive venting
- Injection molded polycarbonate/ABS shell
- Fully adjustable vented visor to reduce lift
- Removable/washable moisture wicking liner
- Flexible rubber nose piece
- Hi-flow mouth vent with filter for air intake
- Rear shell shape easily repositions the goggle strap
- DOT and ECE 22.05 approved

HELMET: \$139.95

COLOR		S	M	L

MIPS® INSIDE

The MIPS BPS allows the head to move inside the helmet which can reduce the harmful rotational motion otherwise transferred to the brain.

DOT+ECE
APPROVED

ECE 22.05

SAFETY WARNING:
Riding a motorcycle is a dangerous activity. When riding, always wear a helmet, eye protection and protective clothing. There is no assurance that serious injury or death can be avoided even if you wear the product shown in this catalog and take all the precautions to avoid every risk. Please ensure that your THOR products fit properly. Improperly fitting products can impair your ability to control your motorcycle.

SAFETY WARNING:
Riding a motorcycle is a dangerous activity. When riding, always wear a helmet, eye protection and protective clothing. There is no assurance that serious injury or death can be avoided even if you wear the product shown in this catalog and take all the precautions to avoid every risk. Please ensure that your THOR products fit properly. Improperly fitting products can impair your ability to control your motorcycle.

MAINSTAY GLOVE

The Mainstay glove sets the standard for minimalist gloves. With a featherweight chassis design and single layer perforated palm, the Mainstay provides premium cooling and precise feedback from the motorcycle.

FEATURES:

- Silicone treated fingertips for improved lever control
 - Hook and loop wrist closure
 - Perforated Clarino® palm
- Minimalist chassis design
 - Wrapped inner-thumb for durability
 - Athlete inspired fit and function

CHOOSING THE CORRECT HELMET SIZE: Helmet fit is critical to helmet protective performance. The correct helmet size can only be checked and confirmed by physically fitting the helmet to the user. Always try the helmet on in a store, before purchasing it, to be sure you are purchasing the correct sized helmet for you.

HELMET SIZING INFORMATION: To achieve proper helmet fitment, begin by finding your head circumference size using the method described. Remember that the helmet size you choose should fit around the crown of your head comfortably with no pressure points. The cheekpads should fit firmly around your face. Once your chin strap is fastened, grab the chin bar of the helmet and move it side to side. Your cheeks should move with the helmet, which should not slide across your face. Different thickness cheekpads can be purchased to obtain the best fit. Ask your dealer or visit www.thormx.com for more information.

**WARNING**

IMPROPERLY FITTING PRODUCTS COULD CONTRIBUTE TO SERIOUS INJURY OR DEATH.

*Size charts are for reference only. To ensure proper fit always try on product when possible.
