

INSTALLATION INSTRUCTIONS

DRAG SPECIALTIES GAS TANKS

ATTENTION INSTALLER: (if other than owner):
Please forward this instruction sheet to the purchaser of this product.
These instructions contain valuable information necessary to the end user.

INTRODUCTION: These instructions describe the procedure for properly installing Drag Specialties gas tanks. Review instructions carefully before beginning, as they contain important information. Please retain for future reference.

Particularly important information is distinguished in these instructions by the following notations:

NOTE: A "NOTE" provides key information to make procedures easier or clearer.

CAUTION: (shaded) A "CAUTION" indicates special procedures that must be followed to avoid damage to the motorcycle and/or accessories.

WARNING!: (boxed and shaded) A "WARNING!" indicates special procedures that must be followed to avoid injury to a motorcycle operator or person inspecting or repairing the motorcycle.

WARNING!: All new gas tanks should be *mounted*, then *removed, cleaned, sealed* on the inside and *pressure tested* **BEFORE PAINTING!**

Drag Specialties does not warranty any paint or labor on any gas tank.

When mounting any gas tank, do not stress any of the mounting tabs when tightening mounting hardware. Mounting tabs that are stressed after tightening will crack and break.

Make any appropriate adjustments to mounting tabs, or shim as necessary **BEFORE PAINTING.**

Drag Specialties does not warranty any paint or labor on any gas tank.
